MATERIAL SAFETY DATA SHEET (MSDS)

SECTION 1.1 — PRODUCT IDENTIFICATION

PRODUCT NAME: CEDAR & OAKMOSS FRAGRANCE OIL

BOTANICAL NAME: Cedrus atlantica (Atlas Cedarwood), Evernia prunastri (Oakmoss), Vetiveria zizanioides (Vetiver), Pinus sylvestris (Pine) (Inspired Blend)

MOLECULAR FORMULA: NOT APPLICABLE (PROPRIETARY BLEND)

MOLECULAR WEIGHT: NOT APPLICABLE

CAS No.: PROPRIETARY BLEND

IFRA COMPLIANT: YES

SECTION 1.2 — COMPANY IDENTIFICATION

Company Name: RV International

Address: Shiv Mandir, Ujha Rd, Opposite Sudhanshu Aashram, Nimbri, Panipat, Haryana 132104

Telephone: +91 8937003005

Email: info@rvorganica.com

Website: www.rvorganica.com

SECTION 2: COMPOSITION / INFORMATION ON INGREDIENTS

Name	CAS #	HAZARDOUS STATEMENT
CEDAR & OAKMOSS FRAGRANCE OIL	PROPRIETARY BLEND	Not a hazardous substance

HAZARDOUS CLASSIFICATION: NOT A HAZARDOUS SUBSTANCE OR MIXTURE.

*PERSONAL CARE, COSMETIC & AROMATHERAPY PURPOSE. Composition contains synthetic aroma chemicals and/or nature-identical ingredients blended to create a bold, classic, and deeply masculine woody-chypre accord — the timeless pairing of warm dry Atlas cedarwood with the rich, damp, earthy complexity of oakmoss. Inspired by the great classic chypre fragrances of perfumery, this accord combines cedarwood warmth, damp mossy forest floor, earthy vetiver, and a dry pine resin note — rugged, sophisticated, and powerfully grounding. Does NOT contain actual oakmoss absolute (restricted under IFRA), cedarwood EO, or any controlled substances. The oakmoss character is recreated using IFRA-compliant synthetic oakmoss-type aroma chemicals.

SECTION 3: HAZARD IDENTIFICATION

The toxicological properties of this material have not been fully investigated.

Eye Contact: Irritation will occur with possible damage

Skin Contact: May cause irritation upon prolonged exposure. Contains cedarwood-type and oakmoss-type (evernyl type) aroma chemicals — oakmoss-type compounds are known strong sensitizers. ALWAYS dilute thoroughly and patch test before first skin application. Individuals with known moss or lichen sensitivity should avoid.

Inhalation: If inhalation causes irritation, supply fresh air. Deep, dry woody-mossy fragrance — avoid concentrated inhalation; use in well-ventilated spaces.

Ingestion: Rinse out mouth and drink plenty of water. NOT FOR INTERNAL USE.

SECTION 4: FIRST AID MEASURES

Eyes: Flush with plenty of water or eyewash solution for 15 minutes. Get immediate medical attention.

Skin: Remove contaminated clothing immediately. Wash skin thoroughly with soap and flush with plenty of water. If burning sensation or allergic reaction develops, seek medical attention promptly.

Ingestion: Administer water or milk to dilute. Seek medical attention immediately or call a poison control center.

Inhalation: Avoid gross inhalation of fumes. Remove to fresh air and seek medical attention if needed.

SECTION 5: FIRE AND EXPLOSION DATA

Flash Point (Method Used): >86°C Closed Cup

Extinguishing Media: Dry Chemical, Carbon Dioxide, Foam

Unsuitable Media: Water (except to cool containers)

Special Firefighting Procedures: Fire fighters should wear positive pressure self-contained breathing apparatus. Toxic vapors may be released. Cool containers exposed to flame with water.

Unusual Fire & Explosion Hazards: Not established

Hazardous Decomposition Materials: None under normal conditions

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Protection: Avoid ingestion. Follow good industrial hygiene practices. Wear eye protection, chemical-resistant gloves and aprons. Ventilate area well.

Methods for Cleaning Up: Eliminate all sources of ignition. Ventilate area. Prevent liquid from entering sewers.

- Small spills: wipe up with paper rags (place in closed metal waste container)
- Large spills: absorb onto non-flammable absorbent. Wash area with soap and water.

SECTION 7: HANDLING AND STORAGE

Safe Handling: Avoid ingestion. Follow good industrial hygiene practices. Wear eye protection, chemical-resistant gloves and aprons. Ventilate area well. Keep away from heat, sparks, and open flames.

Storage Requirements: Store in an area that is cool, dry, and well-ventilated. Do not expose to temperatures over 30°C. Keep away from direct sunlight to preserve the rich cedar-oakmoss character. Keep tightly sealed.

SECTION 8: EXPOSURE CONTROL / PERSONAL PROTECTION

Threshold Limit Value: Not established

Work Practice Controls: Personal hygiene is an important work practice exposure control measure.

- Do not store, use, and/or consume foods, beverages, tobacco products, or cosmetics in areas where this material is stored.
- Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics, or using the toilet.
- Wash exposed skin promptly to remove accidental splashes or contact — oakmoss-type components may cause delayed sensitisation.

Respiratory: Avoid casual breathing of concentrated vapors — deep woody-mossy fragrance

Ventilation: Local, mechanical exhaust strongly recommended

Eye: Wear safety glasses or chemical splash goggles

Skin: Wear chemical resistant gloves; avoid undiluted skin contact

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid, Oil

Color: Pale Yellow to Golden Amber

Odor: Characteristic dry, bold, woody-chypre cedar and oakmoss accord — warm dry Atlas cedarwood pencil-shaving dryness, rich damp mossy forest-floor oakmoss depth, earthy vetiver, and dry pine resin; rugged, sophisticated, and powerfully grounding — a timeless classic chypre-inspired masculine fragrance

Vapor Pressure (mmHg.): Not available

Flash Point: >86°C (Closed Cup)

Boiling Point: Not available

Melting Point: NA

Density @25°C: 0.960

Refractive Index @25°C: 1.484

Solubility in Water: Partially soluble; fully soluble in alcohol and mineral oil

SECTION 10: STABILITY AND REACTIVITY

Stability: This material is stable under normal conditions

Incompatibility (Materials to Avoid): Avoid contact with strong oxidizing agents and avoid hot sources of ignition on or near empty containers.

Conditions to Avoid: Avoid contact with sparks, flame, heat, and direct sunlight. Prolonged UV or heat exposure may affect the woody-mossy character over time.

Hazardous Decomposition By-products: Smoke and unidentified organic compounds may be formed during combustion.

Hazardous Polymerization: Will Not Occur

SECTION 11: TOXICOLOGICAL INFORMATION

CAUTION: Liquid is irritating to eyes and skin. **NOT FOR INTERNAL USE.** Contains cedarwood-type and oakmoss-type (evernyl type) aroma chemicals — oakmoss-type compounds are strong known sensitizers. **NEVER** apply undiluted. Patch test is **MANDATORY** before first skin application. Individuals with known moss, lichen, or chypre fragrance sensitivity should avoid use.

Irritancy: Causes skin irritation upon prolonged contact

Sensitization: HIGH sensitisation potential — oakmoss-type (evernyl/chloroevernin type) aroma chemicals are among the strongest known fragrance sensitizers; cedarwood-type aroma chemicals also potential sensitizers; always dilute thoroughly and mandatory patch test

Health Hazards (Acute & Chronic): Ingestion: Harmful — this product is not intended for consumption

Harmful Contact: Irritant; strong potential sensitizer

Eye Contact: Irritant

Note: Fragrance oils contain synthetic aroma chemicals. ALWAYS dilute thoroughly before skin application. Mandatory patch test. This product does NOT contain actual oakmoss absolute (restricted under IFRA), cedarwood EO, or any controlled substances. The oakmoss character is recreated using IFRA-compliant synthetic alternatives.

SECTION 12: ECOLOGICAL INFORMATION

Toxicity: Toxic to aquatic life with long lasting effects.

SECTION 13: DISPOSAL CONSIDERATION

Waste Disposal Methods: Dispose of according to local, state and federal regulations. Do not pour down drains.

SECTION 14: OTHER REGULATORY INFORMATION

IFRA Status: Compliant with IFRA guidelines — oakmoss character recreated using IFRA-compliant synthetic alternatives; actual oakmoss absolute is IFRA-restricted

Oakmoss Regulatory Note: Actual Evernia prunastri (Oakmoss) absolute is restricted under IFRA due to high sensitisation risk. This product uses IFRA-compliant synthetic oakmoss-type aroma chemicals only.

Controlled Substance Status: Does NOT contain actual oakmoss absolute, cedarwood EO, or any controlled substances

Hazards: Irritant; Strong potential skin sensitiser

Risk Phrases: Irritating to eyes and skin. May cause strong sensitization by skin contact — oakmoss-type components are strong known sensitisers. Never apply undiluted. Toxic to aquatic organisms; may cause long-term aquatic effects.

Safety Phrases: Avoid contact with eyes and skin. Rinse eyes immediately with water if contact occurs. Always dilute before use. Patch test mandatory. Individuals with moss/lichen/chypre sensitivity should avoid. Keep out of reach of children. Not for internal consumption.

SECTION 16: ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The information contained in this Material Safety Data Sheet is obtained from current and reliable sources. The information contained herein is true and to the best of RV International's knowledge.
