Essential Oils Manufacturer & Bulk Supplier in India

GST NO. 06BGIPG9360E1ZF

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

MATERIAL SAFETY DATA SHEET (MSDS)

SECTION 1.1 — PRODUCT IDENTIFICATION

PRODUCT NAME: COCONUT HIBISCUS MASSAGE OIL

PRODUCT TYPE: Blended Massage & Body Oil — Coconut Oil Infused with Hibiscus Flower Extract

BASE OILS: Fractionated Coconut Oil (*Cocos nucifera*), Sweet Almond Oil (*Prunus dulcis*), Jojoba Oil (*Simmondsia chinensis*)

ACTIVE BOTANICAL: Hibiscus Flower Extract (*Hibiscus rosa-sinensis*), Hibiscus Seed Oil (*Hibiscus sabdariffa*), Vitamin E Oil (Tocopherol)

FRAGRANCE: Hibiscus Floral Fragrance (skin-safe, IFRA compliant)

MOLECULAR FORMULA: NOT APPLICABLE — Complex Multi-botanical Blend

CAS No.: NOT APPLICABLE — Multi-component Blend

SECTION 1.2 — COMPANY IDENTIFICATION

Company Name: RV International

Address: Shiv Mandir, Ujha Rd, Opposite Sudhanshu Aashram, Nimbri, Panipat, Haryana 132104

Telephone: +91 8937003005

Email: info@rvorganica.com

Website: www.rvorganica.com

SECTION 2: COMPOSITION / INFORMATION ON INGREDIENTS

Name	CAS #	HAZARDOUS STATEMENT
COCONUT HIBISCUS MASSAGE OIL	N/A — Blend	Not a hazardous substance at normal cosmetic use levels. Mild eye irritant upon direct contact. Non-sensitizing at typical use concentrations.

HAZARDOUS CLASSIFICATION: NOT A HAZARDOUS SUBSTANCE OR MIXTURE AT NORMAL USE LEVELS.

*FOR EXTERNAL TOPICAL USE ONLY — BODY MASSAGE, SKIN CARE & HAIR CARE PURPOSE.

SECTION 3: HAZARD IDENTIFICATION

Coconut Hibiscus Massage Oil is not classified as a hazardous substance. It is a gentle botanical blend formulated for skin and body use.

Eye Contact: May cause mild, transient irritation if oil enters the eyes. Not intended for use in the eye area.

Skin Contact: Formulated for generous topical skin and body use. Generally very well tolerated. Hibiscus extract contains natural AHAs (alpha-hydroxy acids) — may cause mild tingling on very sensitive or compromised skin. Patch test recommended for sensitive skin types.

Inhalation: Mild, pleasant hibiscus floral fragrance. Generally well tolerated. Move to fresh air if any scent-related discomfort occurs.

Ingestion: NOT FOR INTERNAL USE. Rinse mouth and drink plenty of water. Seek medical attention if significant quantities ingested.

SECTION 4: FIRST AID MEASURES

Eyes: Flush gently with clean water for 10–15 minutes. Seek medical attention if irritation persists.

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

Skin: If unexpected irritation or allergic reaction occurs, wash area thoroughly with soap and water. Discontinue use. Seek medical attention if reaction persists or worsens.

Ingestion: FOR EXTERNAL USE ONLY. Rinse mouth with water. Seek medical attention if significant quantities ingested. Do not induce vomiting.

Inhalation: Move to fresh air. Seek medical attention if respiratory symptoms develop.

SECTION 5: FIRE AND EXPLOSION DATA

Flash Point: >180°C (base carrier oils — not readily flammable under normal conditions)

Extinguishing Media: Dry Chemical, Carbon Dioxide, Foam, Water Spray

Unsuitable Media: High pressure water jet directly on burning oil

Special Firefighting Procedures: Self-contained breathing apparatus recommended for large fires. Toxic fumes may be released upon combustion.

Unusual Fire & Explosion Hazards: Not a significant fire hazard under normal storage and use conditions

Hazardous Decomposition Materials: CO, CO₂ and irritating organic vapours may form at very high combustion temperatures

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Protection: Wear gloves — spilled oil creates slipping hazard. Eye protection for large spills.

Methods for Cleaning Up: Absorb with paper towels or inert absorbent material. Place in closed waste container. Wash area with warm water and soap. Caution — oily residue makes surfaces slippery. Prevent large quantities from entering drains or waterways.

SECTION 7: HANDLING AND STORAGE

Safe Handling: For external skin, body, massage and hair use. Avoid contact with eyes. Keep away from children. Patch test before first use — hibiscus AHA content may cause mild tingling on sensitive skin. Keep away from open flames at elevated temperatures. Oil creates significant slipping hazard if spilled on hard floors.

Storage Requirements: Store in a cool (below 25°C), dry, dark, well-ventilated place in original tightly sealed amber glass or aluminium container. Protect from direct sunlight and heat which may degrade hibiscus colour pigments and botanical actives. Shelf life: 24 months from manufacture. Refrigeration not required but extends colour vibrancy of hibiscus component.

SECTION 8: EXPOSURE CONTROL / PERSONAL PROTECTION

Threshold Limit Value: Not established — not classified as a hazardous substance

Consumer Use: Finished, ready-to-use cosmetic product. Use as directed on product label. No special PPE required for normal consumer use.

Industrial Handling: Wear nitrile gloves and safety glasses when handling bulk quantities.

Respiratory: No respiratory protection required. Ensure adequate ventilation during application in enclosed spaces.

Eye: Avoid eye contact during use. Safety glasses for bulk industrial handling.

Skin: Formulated for skin contact at recommended use levels.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid, Oil

Color: Clear to Pale Pink-Golden (characteristic hibiscus tint — colour intensity varies by batch)

Odor: Soft, Sweet, Floral — Delicate Hibiscus Blossom Scent with light Coconut undertone

Vapor Pressure (mmHg.): Negligible at room temperature

RV INTERNATIONAL

Essential Oils Manufacturer & Bulk Supplier in India

GST NO. 06BGIPG9360E1ZF

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

Flash Point: >180°C

Boiling Point: Not available

Melting Point: Liquid at room temperature

Density @25°C: 0.942

Refractive Index @25°C: 1.450

Solubility in Water: Practically insoluble in water; miscible with fixed oils and alcohols

Viscosity: Low to medium — flows freely at room temperature. Light, non-greasy texture.

pH: Not applicable — anhydrous oil product

SECTION 10: STABILITY AND REACTIVITY

Stability: Stable under recommended storage conditions. The hibiscus botanical pigments (anthocyanins) are sensitive to UV light and high heat — store in amber glass or aluminium containers away from direct sunlight to preserve colour and potency.

Incompatibility: Avoid contact with strong oxidizing agents, strong acids or alkalis. Hibiscus pigments may change colour in strongly alkaline or acidic conditions.

Conditions to Avoid: Direct sunlight, UV light and high temperatures degrade hibiscus anthocyanins and botanical actives. Always store tightly sealed.

Hazardous Decomposition: CO, CO₂ and irritating organic compounds may form at very high combustion temperatures.

Hazardous Polymerization: Will Not Occur

SECTION 11: TOXICOLOGICAL INFORMATION

Coconut Hibiscus Massage Oil has an excellent safety profile. All components are well-established cosmetic ingredients with extensive safe use history. Hibiscus extract is a globally recognised cosmetic botanical active.

Irritancy: Generally non-irritating at recommended use levels. Hibiscus natural AHAs may cause mild tingling on very sensitive, compromised or freshly waxed/shaved skin — this is normal and transient.

Sensitization: Very low sensitization potential. The hibiscus fragrance component may contain trace allergens — patch test advised for fragrance-sensitive individuals.

Hibiscus AHA Note: Hibiscus flower naturally contains malic acid and citric acid (alpha-hydroxy acids). At the concentrations present in this formulation these provide gentle exfoliating benefits without significant irritation risk. Avoid use on freshly waxed, sunburned or broken skin.

Health Hazards: External use at recommended levels: Excellent safety profile. Suitable for normal adult skin. Avoid use near eyes. Patch test for sensitive skin.

Harmful Contact: Not a significant irritant at normal use levels

Eye Contact: Mild, transient irritant if oil enters eyes directly

SECTION 12: ECOLOGICAL INFORMATION

Toxicity: Not expected to be harmful to aquatic life at normal use concentrations. All components are natural and biodegradable.

Persistence: Readily biodegradable under aerobic conditions.

Bioaccumulation: Negligible potential for bioaccumulation.

SECTION 13: DISPOSAL CONSIDERATION

Waste Disposal Methods: Dispose of according to local regulations. Small quantities may be disposed of with household waste. Do not pour large quantities down drains.

SECTION 14: OTHER REGULATORY INFORMATION

Product Category: Cosmetic Product — Body Massage Oil with Hibiscus Botanical Extract

Regulatory Status: All ingredients are approved cosmetic ingredients per EU Cosmetics Regulation No. 1223/2009 and applicable Indian cosmetic regulations. Hibiscus rosa-sinensis and Hibiscus sabdariffa are permitted cosmetic ingredients.

Allergen Status: The hibiscus fragrance component may contain trace EU-listed fragrance allergens — declare on finished product label above applicable threshold concentrations per EU Regulation No. 1223/2009 if present above limits.

Safety Phrases: For external use only. Avoid eye area. Patch test before first use especially for sensitive skin. Avoid use on freshly waxed, sunburned or broken skin. Keep out of reach of children. Discontinue use if irritation occurs.

IFRA Compliance: Fragrance components formulated within IFRA leave-on body care product category guidelines.

REACH: Compliant with EU REACH Regulation (EC) No. 1907/2006.
