MATERIAL SAFETY DATA SHEET (MSDS)

SECTION 1.1 — PRODUCT IDENTIFICATION

PRODUCT NAME: OLIVE MASSAGE OIL

PRODUCT TYPE: Ready-to-Use Blended Massage & Body Oil

INTENDED USE: Topical massage oil — deep conditioning body massage, dry skin nourishment, Mediterranean wellness, muscle and joint care

FORMULATION NOTE: Olive Massage Oil celebrates Extra Virgin Olive Oil (*Olea europaea*) — one of the oldest and most revered carrier oils in the world, with a history of therapeutic use in Mediterranean and Ayurvedic traditions. Rich in oleic acid (65–80%), squalene, and polyphenols, EVOO is deeply conditioning, anti-inflammatory, and particularly nourishing for very dry and mature skin. Sweet Almond Oil lightens the consistency. Lemon EO used is steam-distilled — not cold-pressed — making it non-phototoxic and safe for daytime use.

MOLECULAR FORMULA: NOT APPLICABLE (BLENDED PRODUCT)

BATCH No.: OLMO - 101

SECTION 1.2 — COMPANY IDENTIFICATION

Company Name: RV International

Address: Shiv Mandir, Ujha Rd, Opposite Sudhanshu Aashram, Nimbri, Panipat, Haryana 132104

Telephone: +91 8937003005

Email: info@rvorganica.com

Website: www.rvorganica.com

SECTION 2: COMPOSITION / INFORMATION ON INGREDIENTS

Ingredient	Approx. %	Role
Extra Virgin Olive Oil (<i>Olea europaea</i>)	55%	Primary carrier — rich, deeply conditioning Mediterranean oil
Sweet Almond Oil (<i>Prunus amygdalus dulcis</i>)	25%	Lightening carrier — balances olive oil viscosity
Rosemary EO (<i>Rosmarinus officinalis</i>)	8%	Stimulating, circulation-boosting, herbal note
Lemon EO (<i>Citrus limon</i>) — Steam Distilled	5%	Brightening, cleansing, fresh top note (non-phototoxic)
Thyme EO (<i>Thymus vulgaris</i>) — Linalool CT	4%	Warming, antimicrobial — gentler linalool chemotype
Vitamin E (Tocopherol)	3%	Antioxidant / stabilises olive oil

HAZARDOUS CLASSIFICATION: NOT A HAZARDOUS SUBSTANCE OR MIXTURE.

Olive Massage Oil is a ready-to-use, pre-diluted Mediterranean-inspired blended massage oil. Extra Virgin Olive Oil forms the rich, deeply conditioning base. Sweet Almond Oil improves spreadability. The essential oil selection — Rosemary, steam-distilled Lemon, and Thyme Linalool CT — is chosen to complement olive oil's traditional uses in skin conditioning and muscle care. Thyme Linalool CT is specifically selected as the gentlest thyme chemotype — far milder than the standard Thymol CT. All components are IFRA compliant.

SECTION 3: HAZARD IDENTIFICATION

Olive Massage Oil is considered low hazard under normal conditions of use.

Eye Contact: May cause mild irritation — olive oil itself is very soothing to eyes but other components may irritate; avoid direct contact

Skin Contact: Generally very well-tolerated — olive oil is deeply conditioning; suitable for very dry and mature skin; patch test for first use

Inhalation: Warm, herbal aroma — no significant hazard under normal use conditions

Ingestion: NOT FOR INTERNAL USE as a cosmetic product. Keep away from children.

SECTION 4: FIRST AID MEASURES

Eyes: Flush with plenty of water for 15 minutes. Seek medical attention if irritation persists.

Skin: Wash with soap and water. Seek medical attention if irritation or allergic reaction develops.

Ingestion: Drink water to dilute. Seek medical attention if large quantities ingested.

Inhalation: Remove to fresh air if vapour causes any discomfort.

SECTION 5: FIRE AND EXPLOSION DATA

Flash Point (Method Used): >210°C Close Cup (olive oil-dominated blend — very high flash point)

Extinguishing Media: Dry Chemical, Carbon Dioxide, Foam

Unsuitable Media: Water (except to cool containers)

Special Firefighting Procedures: Fire fighters should wear positive pressure self-contained breathing apparatus. Cool containers exposed to flame with water.

Unusual Fire & Explosion Hazards: None under normal conditions — very high flash point

Hazardous Decomposition Materials: None

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Protection: Avoid ingestion. Wear eye protection. Note: oily spills create slip hazard — olive oil is particularly slippery.

Methods for Cleaning Up: Wipe up with absorbent rags. Olive oil is heavier than most carrier oils — warm water with soap or detergent works best.

- Small spills: absorb with paper towels; clean with warm soapy water or detergent
- Large spills: contain and absorb; clean with warm soap/detergent and water; address slip hazard immediately

SECTION 7: HANDLING AND STORAGE

Safe Handling: For external topical massage use only. Avoid contact with eyes and mucous membranes. Conduct a patch test before first use. Not for internal consumption. Note: olive oil is richer and heavier than most carrier oils — use appropriate amounts for massage.

Storage Requirements: Store in a cool, dark, dry place away from heat and direct sunlight. Keep tightly sealed. Temperature below 25°C. Olive oil may semi-solidify below 10°C — warm gently to restore.

Refrigerate after opening to extend shelf life.

SECTION 8: EXPOSURE CONTROL / PERSONAL PROTECTION

Threshold Limit Value: Not established — ready-to-use cosmetic product

Work Practice Controls: Standard cosmetic personal hygiene applies.

- For external use only — do not ingest
- Keep away from eyes and mucous membranes
- Keep out of reach of children
- Note: olive oil creates a significant slip hazard — handle spills immediately

Respiratory: Normal ventilation adequate — warm herbal aroma

Ventilation: Normal room ventilation is sufficient

Eye: Avoid contact with eyes

Skin: Ready-to-use — suitable for direct application; patch test recommended for first use

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid, Oil — rich, warm, moderately viscous; heavier feel than most massage oils

Color: Clear Pale Golden to Golden-Green (characteristic golden-green tint from extra virgin olive oil polyphenols)

Odor: Characteristic warm, earthy, herbal, slightly fruity — rosemary and lemon notes over rich olive base

Vapor Pressure (mmHg.): Not available

Flash Point: >210°C (Closed Cup) — very high flash point

Boiling Point: Not available

Melting Point: Extra Virgin Olive Oil may semi-solidify below 10°C — warm gently to restore

Density @25°C: 0.910

Refractive Index @25°C: 1.468

Solubility in Water: Insoluble — oil-based formulation

SECTION 10: STABILITY AND REACTIVITY

Stability: Good stability; EVOO contains natural antioxidants (polyphenols, Vitamin E) that help preserve the blend; refrigerate after opening

Incompatibility (Materials to Avoid): Avoid contact with strong oxidizing agents and hot sources of ignition.

Conditions to Avoid: Avoid contact with sparks, flame, heat, and prolonged light and air exposure.

Hazardous Decomposition By-products: None under normal conditions.

Hazardous Polymerization: Will Not Occur

SECTION 11: TOXICOLOGICAL INFORMATION

Olive Massage Oil is a gentle, deeply conditioning formulation — particularly suited to very dry, mature, and weather-stressed skin. Extra Virgin Olive Oil is one of the most used and safest carrier oils globally.

Irritancy: Low — olive oil is deeply conditioning and rarely irritating

Sensitization: Rarely sensitizing; patch test recommended for sensitive individuals

Comedogenicity Note: Olive oil has a relatively high comedogenicity rating — individuals with very oily or acne-prone skin should use sparingly or on body only, not on face

Lemon EO Note: Steam-distilled Lemon EO is used — NON-PHOTOTOXIC (unlike cold-pressed lemon peel oil); safe for daytime use

Thyme Note: Linalool CT Thyme used — the gentlest thyme chemotype, far milder than Thymol CT; suitable for massage use when pre-diluted

Nut Allergy Note: Contains Sweet Almond Oil — individuals with tree nut allergies should consult a doctor

Olive Allergy Note: Individuals with olive or Oleaceae family (olive, jasmine, privet, lilac) allergies should patch test carefully

Note: Patch test before first use. Not for internal use. Not recommended for oily/acne-prone facial skin — excellent for dry body skin. Keep away from children.

SECTION 12: ECOLOGICAL INFORMATION

Toxicity: Natural plant-derived oils — biodegradable; very low environmental impact under normal use.

SECTION 13: DISPOSAL CONSIDERATION

Waste Disposal Methods: Dispose of according to local regulations. Do not pour large quantities down drains.

SECTION 14: OTHER REGULATORY INFORMATION

Product Type: Ready-to-use blended cosmetic massage oil — IFRA compliant

Nut Allergy Warning: Contains Sweet Almond Oil — consult doctor if tree nut allergic

Olive Allergy Note: Oleaceae family — patch test if olive or jasmine allergy

Lemon EO Note: Steam-distilled — NON-PHOTOTOXIC; safe daytime use

Thyme Note: Linalool CT — gentlest thyme chemotype; pre-diluted to safe levels

Comedogenicity Note: Not recommended for oily or acne-prone facial skin

Blends With: Lavender, Frankincense, Rosemary, Eucalyptus, Lemon, Bergamot, Juniper Berry, Black Pepper, Marjoram

Safety Phrases: External use only. Patch test before first use. Avoid eyes. Nut/olive allergy caution. Not for oily/acne-prone face. Lemon EO steam-distilled — safe daytime use. Keep out of reach of children.

SECTION 16: ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The information contained in this Material Safety Data Sheet is obtained from current and reliable sources. The information contained herein is true and to the best of RV International's knowledge.
