Essential Oils Manufacturer & Bulk Supplier in India

GST NO. 06BGIPG9360E1ZF

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

MATERIAL SAFETY DATA SHEET (MSDS)

SECTION 1.1 — PRODUCT IDENTIFICATION

PRODUCT NAME: TOBACCO VANILLA FRAGRANCE OIL

PRODUCT TYPE: FRAGRANCE BLEND OIL

BOTANICAL NAME: Nicotiana tabacum L. (Tobacco) | Vanilla planifolia Andrews (Vanilla) | Dipteryx odorata (Tonka Bean) | Cedrus atlantica (Cedarwood) | Zingiber officinale (Ginger)

MOLECULAR FORMULA: NOT APPLICABLE (Complex fragrance blend)

MOLECULAR WEIGHT: NOT APPLICABLE

CAS No.: See Section 2

SECTION 1.2 — COMPANY IDENTIFICATION

Company Name: RV International

Address: Shiv Mandir, Ujha Rd, Opposite Sudhanshu Aashram, Nimbri, Panipat, Haryana 132104

Telephone: +91 9643115611

Email: info@rvorganica.com

Website: www.rvorganica.com

SECTION 2: COMPOSITION / INFORMATION ON INGREDIENTS

Name	CAS #	HAZARDOUS STATEMENT
TOBACCO ABSOLUTE / EXTRACT	8013-52-3	Not a hazardous substance
VANILLA ABSOLUTE / VANILLIN	121-33-5	Mild irritant
TONKA BEAN ABSOLUTE	8013-93-2	Not a hazardous substance
CEDARWOOD OIL (Cedrus atlantica)	8023-85-6	Not a hazardous substance
GINGER OIL / ISOLATES	8007-08-7	Not a hazardous substance
NATURAL AROMATIC ISOLATES	Various	Not a hazardous substance

HAZARDOUS CLASSIFICATION: NOT A HAZARDOUS SUBSTANCE OR MIXTURE.

*PERSONAL CARE, COSMETIC, PERFUMERY & AROMATHERAPY PURPOSE.

SECTION 3: HAZARD IDENTIFICATION

The toxicological properties of this material have not been fully investigated.

Eye Contact: Irritation will occur with possible damage. Flush immediately with water.

Skin Contact: May cause mild to moderate irritation upon prolonged or undiluted exposure. Contains vanillin — a potential sensitizer at high concentrations. May cause sensitization in sensitive individuals. Always dilute before topical application — recommended dilution: 1–3%.

Inhalation: If inhalation causes irritation, supply fresh air. The rich, heavy tobacco-vanilla accord can be overwhelming in enclosed spaces — use in well-ventilated areas at low concentrations.

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

Ingestion: Rinse out mouth and drink plenty of water. Seek medical attention immediately. Note: tobacco extracts are toxic if ingested — keep away from children.

SECTION 4: FIRST AID MEASURES

Eyes: Flush with plenty of water or eyewash solution for 15 minutes. Get immediate medical attention.

Skin: Remove contaminated clothing. Wash with soap and flush with plenty of water. Seek medical attention if irritation or allergic reaction persists.

Ingestion: Administer water or milk to dilute. Seek medical attention immediately or call a poison control center.

Inhalation: Remove to fresh air. Seek medical attention if needed.

SECTION 5: FIRE AND EXPLOSION DATA

Flash Point (Method Used): >93°C Close Cup

Extinguishing Media: Dry Chemical, Carbon Dioxide, Foam

Unsuitable Media: Water (except to cool containers)

Special Firefighting Procedures: Fire fighters should wear positive pressure self-contained breathing apparatus. Toxic vapors may be released on combustion. Cool containers exposed to flame with water.

Unusual Fire & Explosion Hazards: Not established — high flash point makes this a low fire risk material

Hazardous Decomposition Materials: Combustion may produce carbon monoxide and nitrogen compounds from tobacco components

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Protection: Avoid ingestion. Wear eye protection, gloves and aprons. Ventilate area well.

Methods for Cleaning Up: Eliminate all sources of ignition. Ventilate area. Prevent liquid from entering sewers.

- Small spills: wipe up with paper rags or absorb with inert material (place in closed waste container)
- Large spills: absorb onto non-flammable absorbent. Wash area with soap and water. Dispose per local regulations.

SECTION 7: HANDLING AND STORAGE

Safe Handling: Avoid ingestion. Follow good industrial hygiene practices. Wear eye protection and gloves. Always dilute before topical application — recommended 1–3%. Due to the density and richness of this fragrance, use the drop-by-drop technique — a very small amount goes a long way. This is a highly tenacious oriental fragrance blend.

Storage Requirements: Store in a cool, dry, and well-ventilated area. Do not expose to temperatures over 25°C. Keep tightly sealed in dark glass containers away from light and heat. The vanillin content may cause slight darkening of the oil over time — this is normal and does not affect fragrance quality. Shelf life up to 3 years.

SECTION 8: EXPOSURE CONTROL / PERSONAL PROTECTION

Threshold Limit Value: Not established

Work Practice Controls: Personal hygiene is an important work practice exposure control measure.

- Do not store, use, and/or consume foods, beverages, tobacco products, or cosmetics in areas where this material is stored.
- Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics, or using the toilet.
- Wash exposed skin promptly to remove accidental splashes or contact with this material.

Respiratory: Avoid prolonged breathing of concentrated vapors. Use in well-ventilated areas.

Ventilation: Local, mechanical exhaust recommended

Eye: Wear safety glasses

RV INTERNATIONAL

Essential Oils Manufacturer & Bulk Supplier in India

GST NO. 06BGIPG9360E1ZF

Address: Opposite Sudhanshu Maharaj Ashram, Shiv Mandir, Nimbri, Panipat, Haryana 132104

Skin: Wear chemical resistant gloves and clothing to avoid undiluted skin contact

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Viscous to medium viscous liquid

Color: Dark Amber to Brown (vanillin content may cause darkening over time)

Odor: Characteristic rich, warm, deeply oriental fragrance — smoky, earthy tobacco top notes blended with sweet creamy vanilla, warm spicy ginger, bitter chocolate-like tonka bean and smooth woody cedarwood base; intensely sensual, long-lasting and highly tenacious

Vapor Pressure (mmHg.): Very low — not available

Flash Point: >93°C (Closed Cup)

Boiling Point: Not available

Melting Point: Not available

Density @20°C: 1.012

Refractive Index @20°C: 1.508

Solubility in Water: Partially soluble in water; soluble in alcohol and fixed oils

SECTION 10: STABILITY AND REACTIVITY

Stability: Stable under normal conditions. Vanillin content may cause the color to deepen slightly over time — this is normal and expected. The tobacco and tonka bean components act as natural fixatives contributing to exceptional longevity.

Incompatibility (Materials to Avoid): Avoid contact with strong oxidizing agents and avoid hot sources of ignition near empty containers.

Conditions to Avoid: Avoid contact with sparks, flame, heat and direct light.

Hazardous Decomposition By-products: Smoke and nitrogen-containing compounds may form during combustion.

Hazardous Polymerization: Will Not Occur

SECTION 11: TOXICOLOGICAL INFORMATION

CAUTION: Contains tobacco extract — **TOXIC if ingested. Contains vanillin — potential sensitizer at high concentrations. Always dilute before skin use.**

Irritancy: May cause mild to moderate skin and eye irritation when used undiluted

Sensitization: Vanillin and coumarin (from tonka bean) are potential sensitizers at high concentrations. May cause allergic contact dermatitis in sensitive individuals — use at recommended dilution (1–3%). Note: coumarin is an EU-declarable fragrance allergen.

Tobacco Extract: Tobacco absolute/extract contains nicotinoids — toxic if ingested. For external fragrance use only. Keep away from children.

Health Hazards (Acute & Chronic): Ingestion: Harmful — seek immediate medical attention. External use at recommended dilutions: generally safe for adults. Consult a healthcare professional before use during pregnancy.

Harmful Contact: Mild Irritant / Sensitizer

Eye Contact: Irritant

Note: The above effects are based on evaluation of individual components. This fragrance oil is for external use only and must not be ingested.

SECTION 12: ECOLOGICAL INFORMATION

Toxicity: Toxic to aquatic life with long lasting effects. Prevent release to the environment.

SECTION 13: DISPOSAL CONSIDERATION

Waste Disposal Methods: Dispose of according to local, state and federal regulations.

SECTION 14: OTHER REGULATORY INFORMATION

CAS NO: 8013-52-3 (Tobacco) | 121-33-5 (Vanillin) | 8013-93-2 (Tonka Bean) | 8023-85-6 (Cedarwood)

Hazards: Mild Irritant / Sensitizer / Toxic if ingested (tobacco component)

Risk Phrases: Irritating to eyes and skin (if used undiluted). May cause sensitization by skin contact (vanillin, coumarin). Toxic if ingested. Toxic to aquatic organisms with long-lasting effects.

Safety Phrases: KEEP OUT OF REACH OF CHILDREN. Do NOT ingest. Avoid contact with eyes. In case of contact with eyes, rinse immediately with water and seek medical advice. Dilute to 1–3% before topical application. Declare coumarin on EU cosmetic product labels above 0.001% (leave-on) or 0.01% (rinse-off).

SECTION 15: REGULATORY INFORMATION

This product is compliant with EU Cosmetic Regulation (EC) No 1223/2009. Contains coumarin (from tonka bean) — an EU-declarable fragrance allergen that must be listed on cosmetic product labels above threshold concentrations (0.001% leave-on; 0.01% rinse-off). Subject to IFRA usage guidelines. Phthalate-free. Refer to local, national and international regulations for handling and disposal.

SECTION 16: ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The information contained in this Material Safety Data Sheet is obtained from current and reliable sources. The information contained herein is true and to the best of RV International's knowledge. Nothing herein should be interpreted as a recommendation to infringe existing patents or violate any laws or regulations.
