MATERIAL SAFETY DATA SHEET (MSDS)

SECTION 1.1 — PRODUCT IDENTIFICATION

PRODUCT NAME: VANILLA ATTAR

BASE / CARRIER: Vanilla planifolia Andrews — Inspired Fragrance Blend in alcohol-free oil base — per RV Organica's published product specification (not a single-botanical distillate)

MOLECULAR FORMULA: NOT APPLICABLE (Mixture)

MOLECULAR WEIGHT: NOT APPLICABLE (Mixture)

CAS No.: Proprietary Blend — No Single CAS Number (confirmed on RV Organica product specification)

Composition Transparency Note: Vanilla Attar is a vanilla-inspired fragrance blend, not a direct extraction of cured Vanilla planifolia pods. RV Organica's own published specification confirms: "Proprietary Blending of Vanilla-Inspired Aroma Materials in an Alcohol-Free Oil Base, Followed by Filtration and Maturation." Major constituents disclosed: Proprietary Vanilla Fragrance Accord, Balsamic Aroma Materials, Fixatives and Oil Base. This transparency matters because genuine vanilla absolute/CO2 extract is very costly (vanilla is among the most labor-intensive spice crops to cure) — at Rs. 499, this is honestly a vanilla-inspired accord, not a real cured-pod extract.
