**Special Firefighting Procedures:** Fire fighters should wear positive pressure self-contained breathing apparatus. Toxic vapors may be released. Cool containers exposed to flame with water.

**Unusual Fire & Explosion Hazards:** Not established

**Hazardous Decomposition Materials:** None under normal conditions

## SECTION 6: ACCIDENTAL RELEASE MEASURES

**Personal Protection:** Avoid ingestion. Follow good industrial hygiene practices. Wear eye protection, chemical-resistant gloves and aprons. Ventilate area well immediately — spice-type aroma can be intensely irritating in confined spaces.

## SECTION 7: HANDLING AND STORAGE

**Safe Handling:** Avoid ingestion. Follow good industrial hygiene practices. Wear eye protection, chemical-resistant gloves and protective clothing. Ventilate area well. Keep away from heat, sparks, and open flames. Handle with care — spice components may irritate skin and mucous membranes on contact.
